

Newlife is the UK's largest charity funder of children's specialist disability equipment and our Newlife Nurses support thousands of families through our free national helpline.

We are making a real difference to children right across the UK, but now we need your help.

We're asking...

- ... for volunteers to help us raise awareness of the charity in your community to help more local families receive the help they need.
- ... you to join us in raising funds to buy vital equipment such as wheelchairs and specialist beds.
- ... for just a couple of hours a month to make a difference.

Whether you want to help on a regular basis, short term or even just at a one-off event you can make a difference to children with disabilities in YOUR area.

Together, we will make life better for children with disabilities or terminal illness.
