

Social Media Volunteers

#InstantHero

Do you live on Facebook?

Can't go 10 minutes without
a Tweet?

Would you be lost without
your smartphone or laptop?

Then we need you...

Newlife is the UK's largest charity funder of children's specialist disability equipment but now we need a little extra help to make sure more children across the UK get the support they need.

Give us just 15 seconds a day and you can be a **hero** for children with disabilities in your local area by spreading the Newlife news to your virtual community - all you need is access to the social media of your choice and someone to share with, it's easy and it works.

Virtual and micro volunteering are easy ways for people to make an impact on their communities without even leaving the house.
