

# Corporate Fundraising - Get Your Organisation Involved

## Who we are

---

Newlife is a national disability charity, supporting children and families across the UK for over **30 years**. We offer a life-line for thousands of families, providing life-changing or life-saving specialist equipment when and where it is needed. Last year we supported **over 3,000** disabled children and their families with equipment that they vitally needed.

We are the **largest Charity provider** of specialist equipment for disabled children in the UK, and in addition to providing equipment, we are fighting for a world where every disabled child can live their best possible life. But we know we must do more.

**Corporate support and collaboration is vital to Newlife and the families we help.**

**Together, we can have a profound impact on the lives of children across the UK.**

---

We have been creating partnerships for over **30 years**, and it's these partnerships that enable us to deliver life-changing work, supporting, empowering and improving the lives of children and families.

**Newlife offer a fantastic and engaging corporate volunteering experience that offers a hands on day for your staff.**
